**QUALITY WITH STRENGTH TO LAST**

**SHEDSNCHALETs.CO.UK**

# Established over 33 years ago, we are a family-run business based in Llanelli, near Swansea in South Wales.

We make timber sheds, chalets, cabins, workshops, playhouses, kennels, greenhouses, garages and much more. Highly experienced in bespoke design, we can build to your specific requirements.

Over the years, we have developed a high level of expertise, establishing a leadership position for the company. Our customers are guaranteed top-quality building and value for money. We design, manufacture, and construct in-house, cutting out the costly middleman.

Our staff are very knowledgeable and here to help you. They are not on commission, so you can come and relax while browsing over 30 timber buildings, aluminium greenhouses, wooden garages, and many more garden items we have on display in Llanelli.

**As well as a personal service and helpful staff, we also promise quality, with strength to last.**

**I can't fault Sheds 'N' Chalets for their help and guidance in selecting and then costing the shed.**

*I opted for the 'Special Apex' which looks very smart and at no extra cost over a standard apex. The delivery guys arrived on time and put the shed up carefully and promptly. I will definitely use them again.*

**Just been back to order my 3rd garden building because they are so good at what they do.**

*Very professional from ordering to delivery and installation. I can't recommend them enough.*
